Once upon a time ...

This is just how this modern hands-on fairy tale begins, with Stella and her heavenly mission to do the stars a favor.

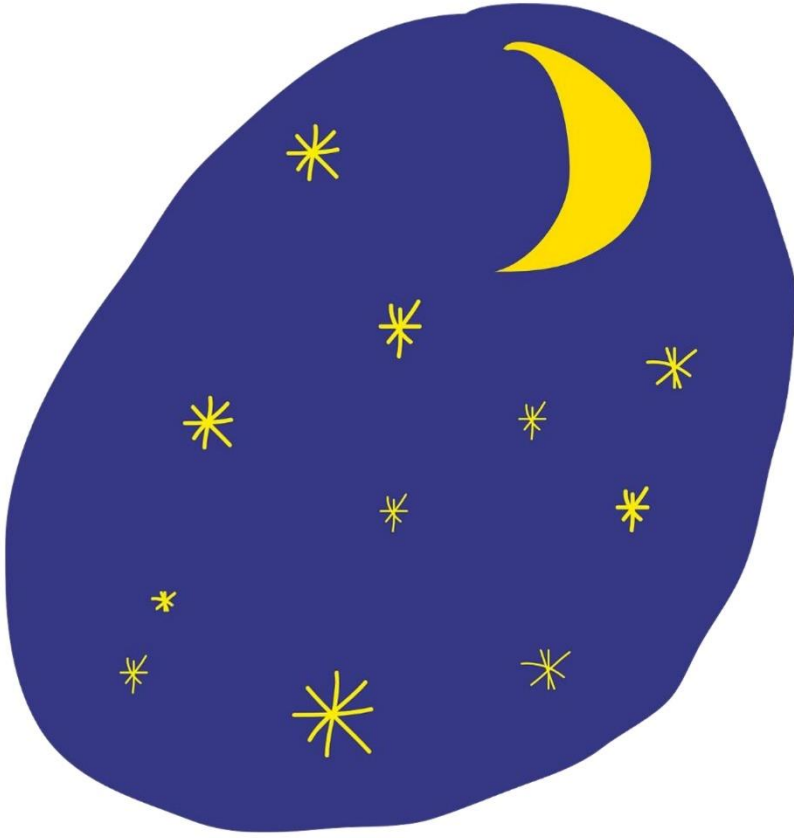

The story is used to present a complete eye fitness program with 10 easy-to-learn and effective individual techniques.

The health focus is on revitalizing and harmonizing the eyes, relaxing and strengthening the eye muscles, fortifying the relevant organ systems, supplying the eyes with vital substances, and achieving mental calm.

Enough words. Let's go for the eye stars ...

With a cheerful wink ;-)

Fairytale time

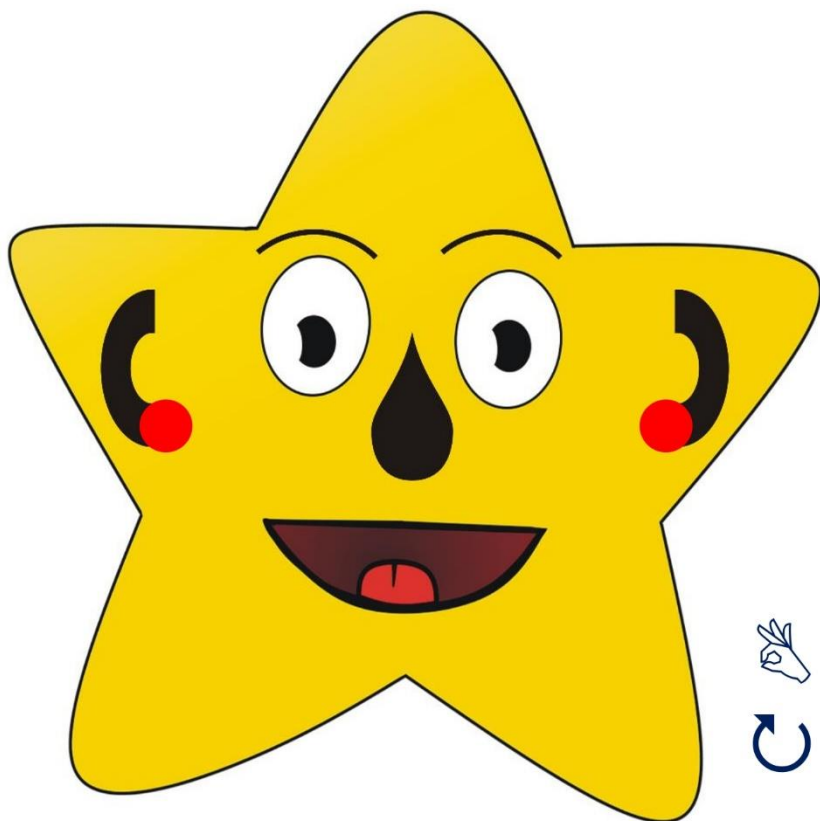

Well then ... let's go for the stars.

The very next morning, Stella cheerfully packed some provisions, a bottle of polish and a soft cloth to polish the stars to a high gloss in her favorite backpack and hit the road.
